GEO awarded 3rd place in the 2017 TIN Report

GeoOp (GEO) reached 3rd place in the 13th edition of the TIN Report "Ten Hot Emerging Companies List."

The Ten Hot Emerging Companies list is drawn from the companies ranked 101-200 in the 2017 TIN rankings (the "Next100"), and are the ten firms with the highest dollar value increase in revenue in the past year. The qualification criteria is that companies must have provided revenue figures and have achieved a minimum growth rate of 5%.

The Company has continued on a solid growth path in the last year, and is proud of this award and recognition.
