

## **Geo Signs Distribution Agreement with Ingram Micro Cloud**

Wednesday 23rd April 2018

GeoOp (GEO, the Company) is pleased to announce that it has signed a global distribution agreement with Ingram Micro Cloud Marketplace, a global division of Ingram Micro Inc. Ingram Micro Cloud is a fully automated ecommerce platform and web store, hosted and managed by Ingram Micro, which used by nearly 200,000 solution providers globally.

This global distribution agreement will significantly extend GEO's growth opportunities. Ingram Micro has more than 300 facilities around the world and more than 600 cloud-dedicated employees globally doing business in 170 countries on six continents. Ingram Micro Cloud continually expands its cloud offerings into the company's global footprint, offering partners the opportunity to scale globally, in a quick and cost-effective manner.

GEO is the first mobile workforce productivity app signed to appear on the Ingram Micro Cloud marketplace globally.

Kylie O'Reilly, CEO of GEO said, "GEO is delighted to have such a high-calibre channel partner. Ingram Micro Cloud's global reach will significantly increase our opportunity to expand in 2018."

**About Ingram Micro Cloud™:** We view cloud not just as a single technology, but as a foundational platform to run and drive a whole new way of doing business. By leveraging our platforms and ecosystem, cloud service providers, telecom companies, resellers and enterprises can quickly transform and get up and running in the cloud within minutes, with little to no investment. Our portfolio includes vetted security, communication and collaboration, business applications, cloud management services and infrastructure solutions designed to help clients monetize and manage the entire lifecycle of cloud and digital services, infrastructure and IoT subscriptions. For more information, please visit: [www.IngramMicroCloud.com](http://www.IngramMicroCloud.com).

**About GEO:** Geo provides cloud-based business productivity tools and applications for small to large businesses with mobile and distributed workforces. Geo targets its productivity tools at customers across different functions and business areas that range from sole traders to multi-seat organisations, sometimes with hundreds of licences. The nature of Geo's platform means that it is designed to scale for organisations of various sizes and with various needs.
